Thank You

Thank you for your purchase of the Critter Corner Play Money Set!

At Critter Corner, our little critter friends believe that the best learning happens through play, imagination, and real-life experiences. This play money set was thoughtfully designed to help children build essential skills like counting, recognizing value, making choices, saving, and spending, all in a fun and engaging way.

Step 1: Print the Pages

- Print all pages at full A4 size
- Make sure your printer is set to “Actual Size” (not “Fit to Page”)
- Important: Keep pages in order—each note has a matching front and back

Step 2: Double-Sided Printing (Optional but Recommended)

- Use flip on long edge when printing double-sided
- Match the “TOP” labels on each page to ensure correct alignment
- If unsure, test print one page first before printing the full set

Step 3: Paper Choice

- Regular paper works, but thicker paper gives a more realistic feel

Step 4: Cut the Notes

- Carefully cut along the edges of each bill
- Keep denominations sorted (envelopes or zip bags work great!)

Step 5: Make Them Last

- Laminate for long-term use
- Or store neatly to reuse again and again

Fun Ways to Use

- Create a pretend shop or grocery store
- Use with Critter Corner games like The Price is Right
 - Set up a classroom reward system
- Practice saving, spending, and making choices tag us—we love to see it!
